About monitoring of compliance

The purpose of regulation in relation to designated centres is to safeguard vulnerable people of any age who are receiving residential care services. Regulation provides assurance to the public that people living in a designated centre are receiving a service that meets the requirements of quality standards which are underpinned by regulations. This process also seeks to ensure that the health, wellbeing and quality of life of people in residential care is promoted and protected. Regulation also has an important role in driving continuous improvement so that residents have better, safer lives.

The Health Information and Quality Authority has, among its functions under law, responsibility to regulate the quality of service provided in designated centres for children, dependent people and people with disabilities.

Regulation has two aspects:
- Registration: under Section 46(1) of the Health Act 2007 any person carrying on the business of a designated centre can only do so if the centre is registered under this Act and the person is its registered provider.
- Monitoring of compliance: the purpose of monitoring is to gather evidence on which to make judgments about the ongoing fitness of the registered provider and the provider’s compliance with the requirements and conditions of his/her registration.

Monitoring inspections take place to assess continuing compliance with the regulations and standards. They can be announced or unannounced, at any time of day or night, and take place:
- to monitor compliance with regulations and standards
- following a change in circumstances; for example, following a notification to the Health Information and Quality Authority’s Regulation Directorate that a provider has appointed a new person in charge
- arising from a number of events including information affecting the safety or well-being of residents

The findings of all monitoring inspections are set out under a maximum of 18 outcome statements. The outcomes inspected against are dependent on the purpose of the inspection. Where a monitoring inspection is to inform a decision to register or to renew the registration of a designated centre, all 18 outcomes are inspected.
Compliance with the Health Act 2007 (Care and Support of Residents in Designated Centres for Persons (Children and Adults) with Disabilities) Regulations 2013, Health Act 2007 (Registration of Designated Centres for Persons (Children and Adults with Disabilities) Regulations 2013 and the National Standards for Residential Services for Children and Adults with Disabilities.

This inspection report sets out the findings of a monitoring inspection, the purpose of which was to inform a registration decision. This monitoring inspection was announced and took place over 2 day(s).

The inspection took place over the following dates and times

Summary of findings from this inspection

As part of the inspection, the inspector met with residents and staff members. The inspector observed practices and reviewed documentation such as personal plans, medical records, accident logs, policies and procedures. The inspector also reviewed questionnaires submitted to the Authority’s Regulation Directorate.

As part of the registration process, interviews were carried out with the person in charge and the regional manager who had previously been interviewed for her role in another centre. The person authorised to act on behalf of the provider was also previously interviewed for this role.
Overall, the inspector found that residents received a quality service and a committed team of staff provided care in sometimes difficult circumstances and that the team received support from a suitable person in charge. There was evidence of a substantial level of compliance, in a range of areas, with the Health Act 2007 (Care and Support of Residents in Designated Centres for Persons (Children and Adults) with Disabilities) Regulations 2013. The inspector was satisfied that residents' social and health needs were met.

Systems and procedures were in place to promote the health and safety of residents, staff and visitors. Satisfactory risk management and fire safety procedures were in place. Appropriate provisions were in place for the protection and safeguarding of residents against the risk of abuse.

These matters are discussed further in the report. No actions were required from this inspection.
Section 41(1)(c) of the Health Act 2007. Compliance with the Health Act 2007 (Care and Support of Residents in Designated Centres for Persons (Children And Adults) With Disabilities) Regulations 2013, Health Act 2007 (Registration of Designated Centres for Persons (Children and Adults with Disabilities) Regulations 2013 and the National Standards for Residential Services for Children and Adults with Disabilities.

Outcome 01: Residents Rights, Dignity and Consultation
Residents are consulted with and participate in decisions about their care and about the organisation of the centre. Residents have access to advocacy services and information about their rights. Each resident's privacy and dignity is respected. Each resident is enabled to exercise choice and control over his/her life in accordance with his/her preferences and to maximise his/her independence. The complaints of each resident, his/her family, advocate or representative, and visitors are listened to and acted upon and there is an effective appeals procedure.

Theme:
Individualised Supports and Care

Outstanding requirement(s) from previous inspection(s):
No actions were required from the previous inspection.

Findings:
The inspector found that the rights, privacy and dignity of residents was promoted and residents' choice encouraged and respected.

Residents were consulted with and participated in decisions about their care and about the running of the centre. The inspector saw where issues were regularly discussed with residents. A weekly residents' forum meeting was held and agenda items were discussed. When residents preferred, individual issues were discussed with their key workers. Actions required were signed off once completed.

The inspector observed numerous interactions between residents and staff that were respectful and caring and were delivered ensuring that the dignity and privacy of the resident was maintained. Staff had an in-depth knowledge of the preferences of the residents and this was supported by information in the care plans and entered into the daily records. In some questionnaires reviewed, residents wrote that they felt that sometimes the centre was noisy and this might affect the way you feel.

The centre had a complaints policy and procedure and the inspector noted that it met the requirements of the Regulations. In addition the complaints' procedure was clearly displayed in a prominent position in an easy read format. Staff spoken with were familiar with the policy. Residents confirmed who they would speak to if they had a complaint to make.

When required, staff assisted residents to manage their monies. The inspector was satisfied that this was managed in a safe and transparent way with appropriate records.
Balances checked were correct. Individual locked boxes were also provided for any resident who required it.

**Judgment:**
Compliant

### Outcome 02: Communication
*Residents are able to communicate at all times. Effective and supportive interventions are provided to residents if required to ensure their communication needs are met.*

**Theme:**
Individualised Supports and Care

### Outstanding requirement(s) from previous inspection(s):**
No actions were required from the previous inspection.

**Findings:**
The inspector was satisfied that residents were supported and assisted to communicate in accordance with residents' needs and preferences.

Staff were aware of the communication needs of all residents and the inspector observed staff and residents communicating freely. Residents’ communication needs were identified in the personal planning documentation and supports were identified where needed. This included presenting information in pictorial format if helpful. Easy read versions of some documents had been developed including what is safeguarding and rights.

Residents had access to speech and language therapy and one resident told the inspector she was going to see the therapist on the day of inspection.

Residents had access to laptops and iPads and internet access was available with the required levels of supervision depending on resident's needs.

**Judgment:**
Compliant

### Outcome 03: Family and personal relationships and links with the community
*Residents are supported to develop and maintain personal relationships and links with the wider community. Families are encouraged to get involved in the lives of residents.*

**Theme:**
Individualised Supports and Care

### Outstanding requirement(s) from previous inspection(s):**
No actions were required from the previous inspection.

**Findings:**
The inspector was satisfied that staff helped residents to maintain contact with their families. Families were encouraged to visit and stay for a meal or a snack with the residents. The inspector saw where regular frequent contact was maintained between the staff and the relatives when residents so wished.

The inspector saw that staff facilitated visits with family members outside of the centre and home visits were supported. Transport and escort services were provided when required. The inspector saw where a family member was picked up from the train when needed.

The inspector saw that residents were encouraged to develop links with the wider community as far as possible. This is discussed in more detail under Outcome 10

**Judgment:**
Compliant

### Outcome 04: Admissions and Contract for the Provision of Services

*Admission and discharge to the residential service is timely. Each resident has an agreed written contract which deals with the support, care and welfare of the resident and includes details of the services to be provided for that resident.*

**Theme:**
Effective Services

**Outstanding requirement(s) from previous inspection(s):**
No actions were required from the previous inspection.

**Findings:**
There were policies and procedures in place to guide the admissions process. The process was also described in the statement of purpose. There were no recent admissions to the centre.

Written agreements had been provided to relatives outlining the support, care and welfare of the residents along with the services to be provided. An easy read version was also available for residents.

**Judgment:**
Compliant

### Outcome 05: Social Care Needs

*Each resident's wellbeing and welfare is maintained by a high standard of evidence-based care and support. Each resident has opportunities to participate in meaningful activities, appropriate to his or her interests and preferences. The arrangements to meet each resident’s assessed needs are set out in an individualised personal plan that reflects his /her needs, interests and capacities. Personal plans are drawn up with the maximum participation of each resident. Residents are supported in transition between services and between childhood and adulthood.*
**Theme:**
Effective Services

**Outstanding requirement(s) from previous inspection(s):**
No actions were required from the previous inspection.

**Findings:**
The inspector was satisfied that each resident's wellbeing and welfare was maintained by a high standard of evidence-based care and support.

The inspector found that the residents' care needs were identified and plans were put in place with the residents to address those needs. Daily records were maintained of how the residents spent their day. A key worker was assigned to each resident and the inspector saw evidence that goals were described and plans put in place to meet those.

The personal plans contained important information about the residents’ life, their likes and dislikes, their interests, details of family members, circle of support and other people who are important in their lives. Where possible residents or relatives had signed to confirm that they were involved in the development of their plans and in regularly reviewing them with their key workers.

There was evidence that residents were supported in transition between services. A hospital passport had been developed to ensure that relevant information was available should a resident be admitted to a general hospital. This contained information such as medications, previous history, likes and dislikes and other important information.

One staff member told the inspector how she had transferred with a resident from another centre within the organisation as she was the resident's key worker and her presence would help the resident in her transition.

**Judgment:**
Compliant

### Outcome 06: Safe and suitable premises

The location, design and layout of the centre is suitable for its stated purpose and meets residents individual and collective needs in a comfortable and homely way. There is appropriate equipment for use by residents or staff which is maintained in good working order.

**Theme:**
Effective Services

**Outstanding requirement(s) from previous inspection(s):**
No actions were required from the previous inspection.

**Findings:**
The premises which was located in a rural setting, met the needs of the residents who
were living in the centre at the time of inspection. The centre was warm and inviting and decorated in accordance with the residents’ preferences.

There were six downstairs bedrooms for residents, two with full en suite facilities and one with shower facilities only. Some residents showed the inspector their bedrooms. The inspector found that bedrooms were comfortably furnished and decorated in accordance with residents' preferences. Some residents had personalised their rooms with their favourite cartoon characters and boy band posters and had picked the colours of the paint for the walls.

There was an accessible kitchen cum dining room. Laundry facilities were available in the kitchen and residents could attend to their own laundry if they wished. There was a small room off the kitchen which was used as an art room and was a popular spot with the residents.

There were two large comfortably furnished sitting rooms downstairs. There was one additional bathroom and a large hot press which was also used as a drying room.

All files etc. were securely stored upstairs in the staff office which had en suite facilities. There was another sitting room set aside for residents which could be used for activities, for quiet time or one to one meetings. This room also had en suite facilities and was used for staff sleepovers.

There were extensive garden areas to the front and rear of the building. These were well maintained. Adequate parking was provided.

**Judgment:**
Compliant

---

**Outcome 07: Health and Safety and Risk Management**

*The health and safety of residents, visitors and staff is promoted and protected.*

**Theme:**
Effective Services

**Outstanding requirement(s) from previous inspection(s):**
No actions were required from the previous inspection.

**Findings:**
The inspector was satisfied that the health and safety of residents, visitors and staff was promoted.

There was a Health and Safety Statement in place. A weekly health and safety checklist was completed which included a review of the housekeeping, emergency exits, electrical safety furniture and fittings. Action plans were put in place if required and timescales outlined for completion.

The inspector saw that an unannounced monthly health and safety audit of the premises
was carried out. The actions required, timelines and person responsible for completion were documented. Risk assessments on the use of the vehicles to transport residents were also carried out on a weekly basis. This included checking the oil and water, the lights, tyres, tax and insurance. An active risk register was also maintained.

The inspector found that adequate fire precautions had been put in place. A fire alarm system including fire panel had been installed earlier this year and staff spoken with confirmed they had attended training in it's use. The inspector viewed evidence that fire equipment was serviced regularly. On each shift a particular staff member was assigned responsibility for fire safety. Daily inspections of fire exits were carried out.

The inspector saw that fire drills were carried out on a three monthly basis. The inspector noted that all staff attended the fire safety training. Staff spoken with were knowledgeable on the procedure to follow in the event of a fire.

The inspector read the emergency plan and saw that it contained sufficient detail to guide staff in the procedure to follow in the event of possible emergencies such as flood or power outage. In addition alternative accommodation for residents was specified should evacuation be required. An emergency bag continuing equipment such as torches and high visibility jackets was available to take with residents should it be required.

The inspector read where individual risk assessments were carried out on each resident on clinical issues such as the possible risk of self harm and assaults. Where necessary procedures were outlined and plans put in place to address those risks.

All staff had attended training in the moving and handling and a matrix was maintained to identify when additional training was required.

**Judgment:**
Compliant

---

**Outcome 08: Safeguarding and Safety**

*Measures to protect residents being harmed or suffering abuse are in place and appropriate action is taken in response to allegations, disclosures or suspected abuse. Residents are assisted and supported to develop the knowledge, self-awareness, understanding and skills needed for self-care and protection. Residents are provided with emotional, behavioural and therapeutic support that promotes a positive approach to behaviour that challenges. A restraint-free environment is promoted.*

**Theme:**
Safe Services

**Outstanding requirement(s) from previous inspection(s):**
No actions were required from the previous inspection.

**Findings:**
The inspector found that measures were in place to protect residents from being harmed or abused.
A restraint free environment was promoted and although some restrictive practices were in use the inspector saw that they were used as a last resort.

The inspector viewed the attendance records and saw that all staff had received training on the prevention, detection and response to abuse. The inspector found that staff were able to explain the different categories of abuse and what their responsibilities were if they suspected abuse. The person in charge and regional manager were clear about the measures they would take if they received information about suspected abuse of a resident.

The inspector was satisfied that there was a policy in place guiding the management of behaviours that challenge and there were good systems in place for the management of these behaviours. This included regular access to behaviour specialists, psychotherapists, psychologists, a neuropsychiatrist and psychiatrists. Residents had detailed positive behaviour support plans in place where necessary. In addition the inspector saw that each episode of behaviour that challenged was reviewed and analysed by the behaviour team to identify any additional triggers or possible interventions.

**Judgment:**
Compliant

---

**Outcome 09: Notification of Incidents**

_A record of all incidents occurring in the designated centre is maintained and, where required, notified to the Chief Inspector._

**Theme:**
Safe Services

**Outstanding requirement(s) from previous inspection(s):**
No actions were required from the previous inspection.

**Findings:**
Practice in relation to notifications of incidents was satisfactory. The person in charge was aware of the legal requirement to notify the Chief Inspector regarding incidents and accidents. Recent changes had been introduced to ensure that all relevant incidents were notified to the Chief Inspector by the person in charge.

**Judgment:**
Compliant

---

**Outcome 10. General Welfare and Development**

_ Resident’s opportunities for new experiences, social participation, education, training and employment are facilitated and supported. Continuity of education, training and employment is maintained for residents in transition._

**Theme:**
Health and Development

**Outstanding requirement(s) from previous inspection(s):**
No actions were required from the previous inspection.

**Findings:**
The inspector found that the general welfare and development needs of residents were promoted.

Residents were supported by staff to pursue a variety of interests, including computers, cookery and outings. Most residents attended the various day services. Some residents were also involved in community inclusion courses such as golf, basketball and library use.

The person in charge and regional manager discussed ongoing attempts to ensure that a range of educational opportunities was available including in house tutoring. One resident told the inspector how much she enjoys attending her school and hopes to continue with other courses in September. The inspector saw that plans were afoot for a resident, her key workers and family to attend an upcoming graduation mass.

A weekly planner was devised with each resident and their key worker. The inspector also saw that residents did not always wish to attend and their choice was respected. Care plans and daily records documented the type and range of activities that they were involved in.

**Judgment:**
Compliant

---

**Outcome 11. Healthcare Needs**
*Residents are supported on an individual basis to achieve and enjoy the best possible health.*

**Theme:**
Health and Development

**Outstanding requirement(s) from previous inspection(s):**
No actions were required from the previous inspection.

**Findings:**
The inspector was satisfied that residents' health needs were regularly reviewed with appropriate input from multidisciplinary practitioners where required.

The inspector reviewed some care plans and medical notes and saw that residents had access to a general practitioner (GP), to an out of hours GP service and to a range of allied health professionals such as physiotherapists, dieticians, chiropodists, opticians and dental services and those specialists previously mentioned under Outcome 8.
Health monitoring documentation was completed and this included regular checks of blood pressure, pulse and temperature.

The inspector was satisfied that residents’ nutritional needs were met to an acceptable standard. Weights were recorded on a monthly basis or more frequently if required. The inspector saw where some residents had been reviewed by a dietician and a healthy eating plan had been agreed. Staff volunteered more appropriate choices when healthy eating was encouraged.

**Judgment:**
Compliant

### Outcome 12. Medication Management

*Each resident is protected by the designated centres policies and procedures for medication management.*

**Theme:**
Health and Development

**Outstanding requirement(s) from previous inspection(s):**
No actions were required from the previous inspection.

**Findings:**
The inspector was satisfied that each resident was protected by the designated centres’ policies and procedures for medication management.

Having reviewed prescription and administration records and procedures for the storage of medication, the inspector was satisfied that appropriate medication management practices were in place guided by the centre’s policy. Appropriate systems were also in place for the administration, checking and storage of medication that required strict controls.

Staff had received training and plans were in place to ensure that staff repeated this training annually. Written evidence was available that regular reviews of residents’ prescriptions were carried out.

The inspector noted that significant changes had been introduced to strengthen the procedures around medication to be administered as and when required (PRN) and the return of unused or out of date medication to pharmacy. The policy was also amended to guide the new practice.

There was a system in place for the checking of medications received from the supplying pharmacist against the prescriptions. Monthly audits were conducted to ensure compliance with the centre’s policy and any discrepancies were rectified immediately.

**Judgment:**
Compliant
Outcome 13: Statement of Purpose
There is a written statement of purpose that accurately describes the service provided in the centre. The services and facilities outlined in the Statement of Purpose, and the manner in which care is provided, reflect the diverse needs of residents.

Theme:
Leadership, Governance and Management

Outstanding requirement(s) from previous inspection(s):
No actions were required from the previous inspection.

Findings:
The inspector was satisfied that the statement of purpose met the requirements of the Regulations. It accurately described the service provided in the centre and was kept under review by the person in charge. It was available to residents and their representatives.

Judgment:
Compliant

Outcome 14: Governance and Management
The quality of care and experience of the residents are monitored and developed on an ongoing basis. Effective management systems are in place that support and promote the delivery of safe, quality care services. There is a clearly defined management structure that identifies the lines of authority and accountability. The centre is managed by a suitably qualified, skilled and experienced person with authority, accountability and responsibility for the provision of the service.

Theme:
Leadership, Governance and Management

Outstanding requirement(s) from previous inspection(s):
No actions were required from the previous inspection.

Findings:
The inspector was satisfied that the quality of care and experience of the residents was monitored and developed on an ongoing basis and that effective management systems were in place that support and promote the delivery of safe, quality care services.

The inspector previously met with the Director of Services and the Director of Operations who outlined the on-going development work to ensure compliance with the Regulations. A working group had been established and a gap analysis completed to benchmark the service against the Regulations and the Standards. A computerised auditing system had been introduced and there was an auditor employed by the provider as part of their quality assurance programme. Resident satisfaction surveys were completed as part of this work. A structured plan was in place to audit each centre.
within the company against the Regulations on a quarterly basis while also undertaking the annual review of services.

Frequent in house audits, both announced and unannounced were completed on areas such as documentation, hygiene, health and safety and medication. The inspector saw that the results of these were used to improve practice.

There was a clearly defined management structure that identified the lines of authority and accountability. The centre is managed by a suitably qualified, skilled and experienced person in charge with authority, accountability and responsibility for the provision of the service. She was knowledgeable about the requirements of the Regulations and Standards and was clear about her role and responsibilities and about the management and the reporting structure in place in the organisation. She worked full time in the centre and was well known to the residents.

The provider had established formal management meetings but line managers could also be contacted by phone or email at any time. There was also a robust on call rota to ensure back up assistance was available should the centre require assistance out of office hours.

**Judgment:**
Compliant

---

**Outcome 15: Absence of the person in charge**

The Chief Inspector is notified of the proposed absence of the person in charge from the designated centre and the arrangements in place for the management of the designated centre during his/her absence.

**Theme:**
Leadership, Governance and Management

**Outstanding requirement(s) from previous inspection(s):**
No actions were required from the previous inspection.

**Findings:**
The provider was aware of his responsibility to notify the Authority of the absence of the person in charge. To date this had not been necessary.

Appropriate deputising arrangements were in place. The regional manager provided this cover. The inspector had previously interviewed this person and met with her during this inspection. She was aware of the responsibilities of the person in charge and had up to date knowledge of the Regulations and Standards.

**Judgment:**
Compliant
### Outcome 16: Use of Resources

The centre is resourced to ensure the effective delivery of care and support in accordance with the Statement of Purpose.

**Theme:**
Use of Resources

**Outstanding requirement(s) from previous inspection(s):**
No actions were required from the previous inspection.

**Findings:**
The inspector found that sufficient resources were provided to ensure the effective delivery of care and support in accordance with the statement of purpose.

Staff spoken with confirmed that adequate resources were currently provided to meet the needs of the residents. The centre was maintained to a good standard and had a fully equipped and stocked kitchen. Maintenance requests were dealt with promptly.

Staff confirmed that transport was available to bring residents to their home, the various activities and day services.

**Judgment:**
Compliant

### Outcome 17: Workforce

There are appropriate staff numbers and skill mix to meet the assessed needs of residents and the safe delivery of services. Residents receive continuity of care. Staff have up-to-date mandatory training and access to education and training to meet the needs of residents. All staff and volunteers are supervised on an appropriate basis, and recruited, selected and vetted in accordance with best recruitment practice.

**Theme:**
Responsive Workforce

**Outstanding requirement(s) from previous inspection(s):**
The action(s) required from the previous inspection were satisfactorily implemented.

**Findings:**
The inspector was satisfied that there were appropriate staff numbers and skill mix to meet the assessed needs of residents and the safe delivery of services and that all staff were supervised on an appropriate basis, and recruited, selected and vetted in accordance with best recruitment practice.

The inspector examined a sample of staff files and found that they met the requirements of the Regulations. Action previously required in relation to this had been addressed. The inspector reviewed the staff rosters and found that staffing
arrangements were based on the needs of the residents and were sufficient to support and enable residents in their daily routines. The roster was flexible and changes were made on an ongoing basis in order to facilitate the varying schedules of all the residents.

Records were maintained of staff training. These records showed that in addition to mandatory training staff members attended a range of other training in areas such as behaviours that challenge, first aid and medication management. Certificates of attendance were in the staff files and a training matrix was maintained. A large number of eLearning programmes had been developed to ensure that all staff had access to ongoing training. Staff spoken with confirmed that there was a range of training available to them. They also stated that they received ongoing support and encouragement to attend relevant third level courses.

The inspector saw that key workers had been supported in their role to provide one to one support to named residents. A step by step guide was produced by the deputy team leader to provide ongoing guidance and individual meetings also took place.

Monthly supervision meetings were carried out with each staff member to monitor performance and identify any additional training needs. In addition, yearly staff appraisals were carried out.

There were no volunteers in the service at this time.

**Judgment:**
Compliant

**Outcome 18: Records and documentation**
The records listed in Part 6 of the Health Act 2007 (Care and Support of Residents in Designated Centres for Persons (Children and Adults) with Disabilities) Regulations 2013 are maintained in a manner so as to ensure completeness, accuracy and ease of retrieval. The designated centre is adequately insured against accidents or injury to residents, staff and visitors. The designated centre has all of the written operational policies as required by Schedule 5 of the Health Act 2007 (Care and Support of Residents in Designated Centres for Persons (Children and Adults) with Disabilities) Regulations 2013.

**Theme:**
Use of Information

**Outstanding requirement(s) from previous inspection(s):**
No actions were required from the previous inspection.

**Findings:**
The inspector was satisfied that the records listed in Part 6 of the Regulations were maintained in a manner so as to ensure completeness, accuracy and ease of retrieval as required by the Regulations. The person in charge was aware of the periods of retention for the records which were securely stored. The inspector saw that the written operational policies required by Schedule 5 of the Regulations were in place and regular reviews were carried out.
Judgment:
Compliant

Closing the Visit

At the close of the inspection a feedback meeting was held to report on the inspection findings.

Acknowledgements

The inspector wishes to acknowledge the cooperation and assistance of all the people who participated in the inspection.

Report Compiled by:

Sheila Doyle
