Chairman’s Statement  
(Extract)

2014 was a year of major achievement for NAMA. We reported a profit for the fourth year in a row. Significantly, we also passed the half-way point in repaying our Senior Bonds. The extent of our progress during 2014 is demonstrated by the fact that we repaid more of our Senior Bonds in a single year (€9.1 billion) than we were able to do in the previous four years combined (€7.5 billion). We intend to build on this excellent progress by staying ahead of schedule for the remainder of NAMA’s lifespan. Based on our current outlook, we hope to complete our core work by 2018, well ahead of our original target of 2020.

Mr Frank Daly
Chairman

Chief Executive’s Statement  
(Extract)

A major contributory factor to NAMA’s progress in 2014 was an unprecedented level of demand and activity in the Irish commercial property market. This enabled us to authorise a significant increase in the flow of Irish assets offered for sale by our debtors and receivers. We generated total cash of €8.6 billion in 2014, almost twice the amount generated in 2013. A total of €7.8 billion was generated by asset disposals, including €3.7 billion from the disposal of Irish assets. By contrast, in the years between 2010 and 2013, Irish asset sales had generated a total of €1.8 billion for NAMA – this reflects our reluctance, during these years, to approve the sale of Irish assets in a thin, illiquid market at what we considered to be sub-optimal prices.

NAMA Market Activity

NAMA Asset Disposals by region

- NAMA’s strategy in each of its main markets has been to release assets for sale in a phased and orderly manner consistent with the level of demand, the availability of credit and the absorption capacity of each market.
- In the period 2010-2013 this meant concentrating sales activity in Britain, particularly London. Irish assets, by contrast, accounted for just 16% of total disposals in the same period.
- Improving conditions in the Irish market in 2014 enabled NAMA to substantially increase the scale of its disposal activity.

Residential Delivery – Achieving strategic objectives

NAMA will facilitate the completion of 4,500 new residential units in the Dublin area in the period to end-2016. NAMA funded more than 40% of Dublin’s total new housing supply in 2014.

- Of the 4,500 target, 1,362 units were delivered in 2014, across 23 individual projects, against a target to end-2014 of 1,000.

Dublin Docklands SDZ – Achieving strategic objectives

NAMA is facilitating the delivery of office accommodation within the Dublin Docklands SDZ area. A number of initiatives announced in 2014 in which NAMA is directly involved include:

- The funding of a planning application for the redevelopment of the landmark Boland’s Mill site in Dublin’s south Docklands. The application includes proposed office, residential, cultural and retail development totalling 400,000 sq. ft.

- The submission of an application for the development of 460,000 sq. ft. of office and residential development at 5 Hanover Quay and 76 Sir John Rogerson’s Quay.

- The commencement of construction of a building comprising 50,000 sq. ft. of office space at 6-8 Hanover Quay.

- The selection of Oxley Holdings Limited as NAMA’s preferred bidder for a key site located at 72-80 North Wall Quay.

- NAMA entered into a joint venture with Kennedy Wilson where adjoining sites on Sir John Rogerson’s Quay were combined and a fund created, structured as a QIAIF. The fund, submitted a planning application to develop 313,000 sq. ft. of office space and 204 apartments.
