Ireland is now at Level 5 of the government’s Plan for Living with COVID-19. This document may be subject to change.

General information

The Minister is cognisant of the significant impact the COVID-19 crisis has and continues to have on the sectors her department supports. The recent announcement of the move to Level 5 of the government’s Plan for Living with COVID-19 means that many of the sectors within the department’s remit will effectively cease to operate for the six weeks duration of Level 5. This is because the public health risk is deemed such that people are being asked to stay at home, apart from essential workers, or children and teachers going to school.

This is necessary to limit our contacts and avoid congregating.

The reasons for this are to:

- protect medically and socially vulnerable people
- prevent unnecessary disruption to non-COVID health and social care services
- prevent further disruption to childcare and education

Tourism, Culture, Arts and Sports and Gaeltacht activities usually involve audiences and people congregating. This is the very thing the government is trying to minimise.

We need to reduce the number of people congregating across a range of settings in order to reduce the spread of the virus. The more we work together to reduce the level of the virus circulating - the more activity we will be able to have in our communities.

This is a key principle underpinning the 5 Levels of the government’s Plan for Living with COVID-19.
As such, the following arrangements apply under the Level 5 restrictions announced on 19 October:

- people are asked to stay at home
- people should work from home unless providing an essential service for which their physical presence is required
- people will be permitted to exercise within a radius of 5 kilometres of their home. This will be a penal provision, that is, people moving outside their 5 kilometre radius can be fined
- essential retail and essential services will remain open
- there should be no organised indoor or outdoor events
- museums, galleries and other cultural attractions will remain closed
- bars, cafes, restaurants and wet pubs may provide take-away and delivery services only. Wet pubs in Dublin remain closed
- hotels, guesthouses and B&Bs may remain open, but only to support provision of essential services
- weddings are permitted to have 25 guests at the ceremony and reception, excluding the couple getting married and those employed at the wedding
- 25 people may attend funeral ceremonies only; no provision is made for receptions after a funeral
- in line with current NPHET advice in respect of Level 5, professional, elite sports and senior inter-county Gaelic games, horse-racing and greyhound racing can continue behind closed doors
- in recognition of the impact on children and young people of restrictions, non-contact training can continue for school aged children, outdoors in pods of 15. Children may travel outside their 5 kilometre radius to attend training
- all other training activities should be individual only

Income supports

As part of the announcement of Level 5 restrictions, the government has announced the following changes to the PUP and EWSS. The new payment structure for the PUP is as follows, with the rate of €350 restored to those who were earning in excess of €400 per week:

**Prior Weekly Earnings (Gross) PUP payment**

<table>
<thead>
<tr>
<th>Prior Weekly Earnings (Gross)</th>
<th>PUP payment</th>
</tr>
</thead>
<tbody>
<tr>
<td>&lt;€200</td>
<td>€203</td>
</tr>
<tr>
<td>€200 - €299.99</td>
<td>€250</td>
</tr>
<tr>
<td>€300 - €399.99</td>
<td>€300</td>
</tr>
<tr>
<td>€400 or more</td>
<td>€350</td>
</tr>
</tbody>
</table>

This change to payment rates will apply for payments issued from Tuesday 27 October (PUP is paid weekly on a Tuesday) in respect of all existing and new applicants.

The EWSS is also being amended to align with the amendment to PUP. This means there will be 5 payment rates/bands as follows:

- 0 - €151 = €0
- >€151 < €203 = €203
- >€203 < €300 = €250
- >€300 < €400 = €300
- >€400< €1,462 = €350

The main aim of this scheme is to ensure where possible employees retain their link with their employer rather than become unemployed. This revised scheme will run to end January 2021.
